

13 March, 2018

Dear Parents,

Hamilton Middle School is in support of DPS Superintendent Tom Boasberg's message and will be closely monitoring students' needs throughout the day tomorrow.

Please see below for the message from Superintendent Boasberg:

"Students in grades 6-8 may be provided age-appropriate educational activities about the issue of guns in our society and/or may be offered safe spaces in school to express their views. For their own safety, students in these middle school grades will not be allowed to walk off campus. Parents/guardians who want their middle school students to participate in walkout activities will need to sign their child out of school in the morning and bring their children back to school after the walkout. For all students, we will follow normal attendance policies. This means any students not present in their scheduled classes will be marked absent unless a parent or guardian provides permission."

Thank you,

The Hamilton Team
