

FACE Community Hubs:

Community hubs address a holistic approach to connecting families and the broader community with free services & offer a culturally responsive integrated service model utilizing multi-generation strategies to address individual and family needs by creating opportunities where every student thrives. All services and classes are free to community members, not just Denver Public School parents.

FACE now has six Community Hubs open to our community!

Services Include:

- GED classes in English and Spanish
- Employment services, including writing a resume, job searching and interview skills
- Support accessing employment through DPS
- Computer skills
- Citizenship classes
- Classes to learn English and Spanish
- Financial coaching
- Energy Outreach Assistance
- Basic needs assistance, including referrals to Denver Human Services and community agencies
- Social-emotional support services
- Health and nutrition workshops
- Early childhood literacy classes
- Parenting workshops

* Services vary by Hub location

DENVER PUBLIC SCHOOLS | Family and Community Engagement

Family and Community Engagement at Denver Public Schools:

In order for a community to thrive, people need to invest in their children, families and quality of life. Family and Community Engagement (FACE) is here to dedicate the resources, energy and time to make this happen. FACE provides access to education, builds relationships and connects people to organizations so they can meet their needs and achieve their goals. We are here to assist everyone in the DPS community at any point in their life's journey, supporting our district's 90,000 students and their families through a multifaceted approach. Contact us for more information and assistance.
