

June 26th-30th 8AM-4PM

DU SCITECH CAMP

Summer Camp for Middle School Girls

This week-long University of Denver Science and Technology (DU SciTech) summer camp is run entirely by DU Faculty members and is very unique in that professionals will be teaching these girls about scientific topics! Enrollment is very limited. Financial aid is available for potential campers with demonstrated financial need and is also based on other eligibility requirements per our funding guidelines. Breakfast and lunch will also be provided.
